

Delivering the best-in-class industry event!

The **2025 Annual Meeting** runs Monday, October 6th – Wednesday, October 8th at the Marriott Knoxville Downtown in Knoxville, TN.

Networking - Increased, unparalleled opportunities in the only association dedicated specifically to the interests of the epoxy/thermoset resin industry.

Program Content - A full slate of 15+ Technical Papers focused on relevant trends in adhesives and sealants, coatings, civil engineering, flooring, composites and tooling, potting, encapsulation and electrical markets presented by experienced professionals

Save Money - Reduced fees for all employees of TRFA member organizations to attend the premier annual event for the epoxy/thermoset industry featuring technical presentations and industry specific programming.

Arrive early on Monday for the amazing shortcourse - This course will cover an the fundamentals of epoxies and emerging topics presented by Jeremy Pasatta from Advanced Polymer Coatings.

Be in the Know - Consistently high-level and insightful presentations delivered by graduate researchers from leading academic institutions, focusing on advanced studies in thermoset polymer chemistries and their application-driven innovations.
